

Hot Desert

Cold Desert

Think about the similarities and differences between hot and cold deserts. Where are they located? What kind of plants and animals would you find in them? What do both deserts have in common? Cut out the following boxes and place them in the Venn diagram above.

Dry	Sand dunes
Coyotes	Big sagebrush
Prickly pear	Sahara
Tarantulas	Snow
Found towards tropical places	Little Precipitation
Rattlesnakes	Arctic fox
Lack of vegetation	Cacti
Big sagebrush	Found towards polar regions/mountains
Low shrubs	Kangaroo rats
Sparse	Jack rabbits
